SR-SAPPHIRE-2025-35 - Exhibit 1.doc

The Notice section of this Form 19b-4 must comply with the guidelines for publication in the Federal Register as well as any requirements for electronic filing as published by the Commission (if applicable). The Office of the Federal Register (OFR) offers guidance on Federal Register publication requirements in the Federal Register Document Drafting Handbook, October 1998 Revision. For example, all references to the federal securities laws must include the corresponding cite to the United States Code in a footnote. All references to SEC rules must include the corresponding cite to the Code of Federal Regulations in a footnote. All references to Securities Exchange Act Releases must include the release number, release date, Federal Register cite, Federal Register date, and corresponding file number (e.g., SR-[SRO]-xx-xx). A material failure to comply with these guidelines will result in the proposed rule change being deemed not properly filed. See also Rule 0-3 under the Act (17 CFR 240.0-3)

Exhibit 1A - Notice of Proposed Rule Change, Security-Based Swap Submission, or Advanced Notice by Clearing Agencies *

The Notice section of this Form 19b-4 must comply with the guidelines for publication in the Federal Register as well as any requirements for electronic filing as published by the Commission (if applicable). The Office of the Federal Register (OFR) offers guidance on Federal Register publication requirements in the Federal Register Document Drafting Handbook, October 1998 Revision. For example, all references to the federal securities laws must include the corresponding cite to the United States Code in a footnote. All references to SEC rules must include the corresponding cite to the Code of Federal Regulations in a footnote. All references to Securities Exchange Act Releases must include the release number, release date, Federal Register cite, Federal Register date, and corresponding file number (e.g., SR-[SRO]-xx-xx). A material failure to comply with these guidelines will result in the proposed rule change being deemed not properly filed. See also Rule 0-3 under the Act (17 CFR 240.0-3)

Exhibit 2- Notices, Written Comments, Transcripts, Other Communications

Add Remove View

Copies of notices, written comments, transcripts, other communications. If such documents cannot be filed electronically in accordance with Instruction F, they shall be filed in accordance with Instruction G.

Exhibit Sent As Paper Document

Exhibit 3 - Form, Report, or Questionnaire

Add Remove View

Copies of any form, report, or questionnaire that the self-regulatory organization proposes to use to help implement or operate the proposed rule change, or that is referred to by the proposed rule change.

Exhibit Sent As Paper Document

Exhibit 4 - Marked Copies

Add Remove View

The full text shall be marked, in any convenient manner, to indicate additions to and deletions from the immediately preceding filing. The purpose of Exhibit 4 is to permit the staff to identify immediately the changes made from the text of the rule with which it has been working.

Exhibit 5 - Proposed Rule Text

Add Remove View

The self-regulatory organization may choose to attach as Exhibit 5 proposed changes to rule text in place of providing it in Item I and which may otherwise be more easily readable if provided separately from Form 19b-4. Exhibit 5 shall be considered part of the proposed rule change

Partial Amendment

Add Remove View

If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.

1. Text of Proposed Rule Change

(a) MIAX Sapphire, LLC (“MIAX Sapphire” or “Exchange”), pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act” or “Exchange Act”)¹ and Rule 19b-4 thereunder,² proposes to provide an additional means to access its Member Firm Portal (described below).

Notice of the proposed rule change for publication in the Federal Register is attached hereto as Exhibit 1.

(b) Not applicable.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by the Chief Executive Officer of the Exchange or his designee pursuant to authority delegated by the Exchange’s Board of Directors on February 27, 2025. Exchange staff will advise the Board of Directors of any action taken pursuant to delegated authority. No other action by the Exchange is necessary for the filing of the proposed rule change.

Questions and comments on the proposed rule change may be directed to Michael Slade, AVP, Associate Counsel, at (609) 955-0460.

3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**a. Purpose**

The Exchange provides Members³ access to an internet-facing portal which provides

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ See Exchange Rule 100.

self-service functions to Members, known as the Member Firm Portal (“MFP”).⁴ Specifically, the MFP allows Members to correct certain trade information required by the Options Clearing Corporation (“OCC”), such as the trade’s account number, sub-account number, Clearing Member Trade Assignment (“CMTA”), Clearing Participant Give-Up, or account type. The MFP also provides Members the ability to adjust risk settings and allows Market Makers⁵ to request options class assignments. Members may also perform the following functions via the MFP: selecting symbol assignments; editing existing symbol assignments; unassigning one or more symbols; retrieving symbol assignments; receiving export of symbol assignments for a business day; and retrieving assignment history for a given symbol assignment. The MFP allows Members to more efficiently manage their back office operations and assist them in providing accurate clearing information to the OCC. Currently, access to the MFP is provided on a per user basis, whereby Members seek to have individuals within their organization permissioned to access the MFP via a web portal on their behalf (known as the “MFP User Interface” or “MFP UI”). The Exchange notes that other options exchanges make similar products available to firms for a monthly per user fee.⁶ The Exchange provides the MFP UI to Members for free.

Members may also access the MFP via an Application Programming Interface⁷ (“API”

⁴ See MIA X Sapphire Options Exchange User Manual, Version 1.1.0 (revision date July 9, 2025), available at https://www.miaxglobal.com/miax_sapphire_user_manual.pdf. See also MIA X Exchanges Member Firm Portal User Manual (modified July 2025), available at https://www.miaxglobal.com/miax_exchanges_member_firm_portal_user_manual.pdf.

⁵ See Exchange Rule 100.

⁶ See BOX Exchange LLC Fee Schedule, Section III. D., Trade Management System (assessing a fee of \$350 per month, per user); The Nasdaq Stock Market LLC (“Nasdaq”) charges \$200 per month, per user. See Nasdaq Rules Options Pricing Schedule, Section 6, Nasdaq Options Maintenance Tool. See also Securities Exchange Act Release No. 96723 (January 20, 2023), 88 FR 5046 (January 26, 2023) (SR-BOX-2023-03) (Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Establish a New Service and Related Fees for Use of the BOX Options Market LLC (“BOX”) Trade Management System).

⁷ If the Exchange determines to propose fees for API access to the MFP, the Exchange will submit a separate filing with the U.S. Securities and Exchange Commission pursuant to Section 19(b)(1) to propose such fees.

and together “MFP API”), in addition to the current MFP UI accessed via the web portal. In sum, an API is a way for two or more computer programs to talk to each other. It is a software to software interface that defines the data and the transactions that can be communicated between systems. In providing the MFP API, functions that would otherwise be done manually via the MFP UI, can be automated. The MFP API, in essence, facilitates and expedites the transaction processing for the supported functionality such that Exchange Members can automate their interactions with the MFP. This allows for more efficient processing, the potential reduction of operational risk due to issues caused by human error, and the timeliness of the completion of MFP-related functions.⁸ Providing API access to the MFP would allow Members to enable their systems and applications to communicate directly with the MFP, thereby eliminating or reducing the need for individuals to access the MFP UI via the web portal.

The Exchange does not propose to alter the current MFP or MFP UI. The Exchange simply proposes to provide an additional and optional means to access the MFP, in the form of an API, and Members would be able to perform the same functions they do today when they access the MFP UI via the web portal. API access to the MFP would allow a Member’s applications to communicate directly with the MFP. Therefore, by its nature, the MFP API does not lend itself to access on a per user basis, as is the case today with the MFP UI via the web portal. API access would allow Members to automate functions they perform today on the MFP, such as adjusting risk settings or managing options assignments. Members who do not prefer to access the MFP API would be able to perform the same functions when accessing the MFP UI via the current web portal.

The Exchange notes that use of accessing the MFP API would be completely voluntary

⁸ See, e.g., What is an API?, available at <https://www.ibm.com/topics/api> (last visited August 27, 2025).

and would simply be second optional means to access the MFP. Members who wish to continue to access the MFP UI via the web portal may continue to do so for no fee. The Exchange's affiliates, Miami International Securities Exchange, LLC ("MIAX"), MIAX PEARL, LLC ("MIAX Pearl"), and MIAX Emerald, LLC ("MIAX Emerald"), previously filed to provide their members with the ability to access the MFP via an API.⁹

b. Statutory Basis

The Exchange believes the proposed rule change is consistent with the requirements of Section 6(b) of the Act,¹⁰ in general, and Section 6(b)(5),¹¹ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system.

The Exchange notes that providing the MFP API to Members is consistent with the Act in that the use of MFP API is completely voluntary and simply provides Members with an additional means to access the Exchange's MFP. The MFP is a useful tool for Members to manage their trading on the Exchange, including back office operations, risk controls settings, and Market Maker options assignments.

As noted above, accessing the MFP via an API would be an optional alternative to web access. Those not electing to access the MFP via an API may continue to use the MFP UI via the

⁹ See Securities Exchange Act Release Nos. 98016 (July 28, 2023), 88 FR 51364 (August 3, 2023) (SR-PEARL-2023-32); 98018 (July 28, 2023), 88 FR 51374 (August 3, 2023) (SR-EMERALD-2023-18); and 98017 (July 28, 2023), 88 FR 51366 (August 3, 2023) (SR-MIAX-2023-29).

¹⁰ 15 U.S.C. 78f(b).

¹¹ 15 U.S.C. 78f(b)(5).

web portal free of charge. The MFP, whether accessed via an API or web portal, allow Members to more efficiently manage their back office operations, assist them in providing accurate clearing information to the OCC and in selecting Market Maker options assignments. The Exchange notes that trade information in the MFP is specific to each Member and their trades, allowing them to conveniently verify, update, and/or correct transaction information as needed.

Providing API access to the MFP would be provided purely for convenience, in response to Member demand, and would be entirely optional. As stated above, API access to the MFP would enable Members to connect their applications to the MFP allowing their application to communicate directly with the MFP. This enables Members to automate functions that would normally be performed by individual users access the MFP via the current web portal, such as adjusting risk settings and managing options assignments. Members who do not prefer to access the MFP API would be able to perform the same functions by accessing the MFP UI via the existing web portal.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. API access to the MFP would simply be an optional additional means to access the MFP. The Exchange does not believe there would be any competitive advantage for Members who access the MFP via an API over those who access it via the current web portal because Members would be able to perform the same functions via both modes of access. API access would simply be a convenience and would enable Members to automate those functions. The Exchange does not believe a Member's ability to automate this functionality provides any competitive advantage when trading on the Exchange. As such, the Exchange does not believe that the proposed rule

change will impose any burden on intermarket or intramarket competition not necessary or appropriate in furtherance of the purposes of the Act.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

6. Extension of Time Period for Commission Action

Not Applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

Pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6)¹³ thereunder, the Exchange has designated this proposal as one that effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

This proposed rule change does not significantly affect the protection of investors or the public interest, nor does it not impose any significant burden on competition. API access to the MFP is provided as convenience and would be entirely optional. The proposal would simply provide Members the additional option to access the MFP via an API, which would allow them to automate back office operations performed via the MFP, such as risk settings and Market Maker options assignments. Members who access the MFP via an API and those who access MFP UI via the current web portal would be able to perform the same functions via both modes

¹² 15 U.S.C. 78s(b)(3)(A).

¹³ 17 CFR 240.19b-4(f)(6).

of access. API access would simply be a convenience and would enable Members to automate those functions. Further, the Exchange's affiliates, MIAX, MIAX Pearl, and MIAX Emerald, previously filed to provide their members with the ability to access the MFP via an API and have been doing so since 2023.¹⁴ For the foregoing reasons, this rule filing qualifies for immediate effectiveness as a "non-controversial" rule change under paragraph (f)(6) of Rule 19b-4 of the Act.

The Exchange requests that the Commission waive the 30-day operative delay period so that the Exchange may begin to provide API access to the MFP as soon as possible. As stated above, the Exchange currently provides web-based access to the MFP free of charge and Members have requested the ability to also access the MFP via an API so that they may automate certain functions. Members would be able to perform the same functions in the MFP regardless of whether they access the MFP via the web portal or an API. Waiver of the 30-day operative delay period would allow those Members to automate their interaction with the MFP during the operative delay period, thereby allowing Members who elect API access to begin to manage their back office operations and other functions based on their business needs. Waiver of the operative delay would also allow the Exchange to expand the means of access to the MFP sooner and meet the demands of the Members who requested API access to meet their own back office needs.

At any time within 60 days of filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be

¹⁴ See supra note 9.

approved or disapproved.

8. Proposed Rule Change Based on rules of Another Self-Regulatory Organization or of the Commission

The proposed rule change is based on the substantively similar filings by the Exchange's affiliated options exchanges, MIAX, MIAX Pearl, and MIAX Emerald.¹⁵

9. Security-Based Swap Submissions Filed Pursuant to Section 3C of the Act

Not applicable.

10. Advance Notices Filed Pursuant to Section 806(e) of the Payment, Clearing and Settlement Supervision Act

Not applicable.

11. Exhibits

1. Completed notice of proposed rule change for publication in the Federal Register.

¹⁵ See supra note 9.

EXHIBIT 1

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34- ; File No. SR-SAPPHIRE-2025-35)

September ____, 2025

Self-Regulatory Organizations: Notice of Filing and Immediate Effectiveness of a Proposed Rule Change by MIAX Sapphire, LLC to Provide API Access to the Member Firm Portal

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on September ____, 2025, MIAX Sapphire, LLC (“MIAX Sapphire” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to provide an additional means to access its Member Firm Portal (described below).

The text of the proposed rule change is available on the Exchange’s website at <https://www.miaxglobal.com/markets/us-options/all-options-exchanges/rule-filings>, and at the Exchange’s principal office.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange provides Members³ access to an internet-facing portal which provides self-service functions to Members, known as the Member Firm Portal (“MFP”).⁴ Specifically, the MFP allows Members to correct certain trade information required by the Options Clearing Corporation (“OCC”), such as the trade’s account number, sub-account number, Clearing Member Trade Assignment (“CMTA”), Clearing Participant Give-Up, or account type. The MFP also provides Members the ability to adjust risk settings and allows Market Makers⁵ to request options class assignments. Members may also perform the following functions via the MFP: selecting symbol assignments; editing existing symbol assignments; unassigning one or more symbols; retrieving symbol assignments; receiving export of symbol assignments for a business day; and retrieving assignment history for a given symbol assignment. The MFP allows Members to more efficiently manage their back office operations and assist them in providing accurate clearing information to the OCC. Currently, access to the MFP is provided on a per user basis, whereby Members seek to have individuals within their organization permissioned to access the MFP via a web portal on their behalf (known as the “MFP User Interface” or “MFP UI”). The Exchange notes that other options exchanges make similar products available to firms

³ See Exchange Rule 100.

⁴ See MIA X Sapphire Options Exchange User Manual, Version 1.1.0 (revision date July 9, 2025), available at https://www.miaxglobal.com/miax_sapphire_user_manual.pdf. See also MIA X Exchanges Member Firm Portal User Manual (modified July 2025), available at https://www.miaxglobal.com/miax_exchanges_member_firm_portal_user_manual.pdf.

⁵ See Exchange Rule 100.

for a monthly per user fee.⁶ The Exchange provides the MFP UI to Members for free.

Members may also access the MFP via an Application Programming Interface⁷ (“API” and together “MFP API”), in addition to the current MFP UI accessed via the web portal. In sum, an API is a way for two or more computer programs to talk to each other. It is a software to software interface that defines the data and the transactions that can be communicated between systems. In providing the MFP API, functions that would otherwise be done manually via the MFP UI, can be automated. The MFP API, in essence, facilitates and expedites the transaction processing for the supported functionality such that Exchange Members can automate their interactions with the MFP. This allows for more efficient processing, the potential reduction of operational risk due to issues caused by human error, and the timeliness of the completion of MFP-related functions.⁸ Providing API access to the MFP would allow Members to enable their systems and applications to communicate directly with the MFP, thereby eliminating or reducing the need for individuals to access the MFP UI via the web portal.

The Exchange does not propose to alter the current MFP or MFP UI. The Exchange simply proposes to provide an additional and optional means to access the MFP, in the form of an API, and Members would be able to perform the same functions they do today when they access the MFP UI via the web portal. API access to the MFP would allow a Member’s applications to communicate directly with the MFP. Therefore, by its nature, the MFP API does

⁶ See BOX Exchange LLC Fee Schedule, Section III. D., Trade Management System (assessing a fee of \$350 per month, per user); The Nasdaq Stock Market LLC (“Nasdaq”) charges \$200 per month, per user. See Nasdaq Rules Options 7 Pricing Schedule, Section 6, Nasdaq Options Maintenance Tool. See also Securities Exchange Act Release No. 96723 (January 20, 2023), 88 FR 5046 (January 26, 2023) (SR-BOX-2023-03) (Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Establish a New Service and Related Fees for Use of the BOX Options Market LLC (“BOX”) Trade Management System).

⁷ If the Exchange determines to propose fees for API access to the MFP, the Exchange will submit a separate filing with the U.S. Securities and Exchange Commission pursuant to Section 19(b)(1) to propose such fees.

⁸ See, e.g., What is an API?, available at <https://www.ibm.com/topics/api> (last visited August 27, 2025).

not lend itself to access on a per user basis, as is the case today with the MFP UI via the web portal. API access would allow Members to automate functions they perform today on the MFP, such as adjusting risk settings or managing options assignments. Members who do not prefer to access the MFP API would be able to perform the same functions when accessing the MFP UI via the current web portal.

The Exchange notes that use of accessing the MFP API would be completely voluntary and would simply be second optional means to access the MFP. Members who wish to continue to access the MFP UI via the web portal may continue to do so for no fee. The Exchange's affiliates, Miami International Securities Exchange, LLC ("MIAX"), MIAX PEARL, LLC ("MIAX Pearl"), and MIAX Emerald, LLC ("MIAX Emerald"), previously filed to provide their members with the ability to access the MFP via an API.⁹

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the requirements of Section 6(b) of the Act,¹⁰ in general, and Section 6(b)(5),¹¹ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system.

The Exchange notes that providing the MFP API to Members is consistent with the Act

⁹ See Securities Exchange Act Release Nos. 98016 (July 28, 2023), 88 FR 51364 (August 3, 2023) (SR-PEARL-2023-32); 98018 (July 28, 2023), 88 FR 51374 (August 3, 2023) (SR-EMERALD-2023-18); and 98017 (July 28, 2023), 88 FR 51366 (August 3, 2023) (SR-MIAX-2023-29).

¹⁰ 15 U.S.C. 78f(b).

¹¹ 15 U.S.C. 78f(b)(5).

in that the use of MFP API is completely voluntary and simply provides Members with an additional means to access the Exchange's MFP. The MFP is a useful tool for Members to manage their trading on the Exchange, including back office operations, risk controls settings, and Market Maker options assignments.

As noted above, accessing the MFP via an API would be an optional alternative to web access. Those not electing to access the MFP via an API may continue to use the MFP UI via the web portal free of charge. The MFP, whether accessed via an API or web portal, allow Members to more efficiently manage their back office operations, assist them in providing accurate clearing information to the OCC and in selecting Market Maker options assignments. The Exchange notes that trade information in the MFP is specific to each Member and their trades, allowing them to conveniently verify, update, and/or correct transaction information as needed.

Providing API access to the MFP would be provided purely for convenience, in response to Member demand, and would be entirely optional. As stated above, API access to the MFP would enable Members to connect their applications to the MFP allowing their application to communicate directly with the MFP. This enables Members to automate functions that would normally be performed by individual users access the MFP via the current web portal, such as adjusting risk settings and managing options assignments. Members who do not prefer to access the MFP API would be able to perform the same functions by accessing the MFP UI via the existing web portal.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. API access to the MFP would simply be an optional additional means to access the MFP. The Exchange does not believe there would be any competitive advantage for Members who access

the MFP via an API over those who access it via the current web portal because Members would be able to perform the same functions via both modes of access. API access would simply be a convenience and would enable Members to automate those functions. The Exchange does not believe a Member's ability to automate this functionality provides any competitive advantage when trading on the Exchange. As such, the Exchange does not believe that the proposed rule change will impose any burden on intermarket or intramarket competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6)¹³ thereunder, the Exchange has designated this proposal as one that effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

At any time within 60 days of the filing of this proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

¹² 15 U.S.C. 78s(b)(3)(A).

¹³ 17 CFR 240.19b-4(f)(6).

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.

Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>);

- Send an e-mail [to rule-comments@sec.gov](mailto:to-rule-comments@sec.gov). Please include File Number SR-SAPPHIRE-2025-35 on the subject line.

Paper comments:

- Send paper comments in triplicate to Vanessa Countryman, Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to file number SR-SAPPHIRE-2025-35. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>).

Copies of the filing will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection.

All submissions should refer to file number SR-SAPPHIRE-2025-35 and should be submitted on or before [INSERT DATE 21 DAYS AFTER DATE OF PUBLICATION IN THE *FEDERAL REGISTER*].

For the Commission, by the Division of Trading and Markets, pursuant to delegated

authority.¹⁴

Sherry R. Haywood,

Assistant Secretary

¹⁴ 17 CFR 200.30-3(a)(12).
